Verification for Licensure

License verification is available on the board's website. The search can be used by Name, by License Number, or by City. When the search operation is performed by name, city, or license number, the information reported is the licensee name, address, type of license, license status, issue and expiration dates and public disciplinary actions. This report may be printed for your records.

If you are or have been licensed in Louisiana and are applying for licensure in another state, you may be required to provide verification of licensure in Louisiana. Most Boards require that verification be sent directly to them, rather than to the applicant. Please check with the Board you are applying to before you contact us.

If a written certification of licensure is required, you must pay a fee of \$40 per state for written verification of licensure sent by the PT Board to another state. To complete this request online, please complete the following information and submit the fee by credit or debit card. Within three working days of receipt of the request and payment, the Board will send an official letter with the state seal to the other state as requested. If a written request is not being completed online, please print this page, complete the information required below, include the required fee, and forward to:
